Parental survey for students in Years 10 and 12 (22/5/20)

Dear parent/guardian

As I have said in my past two community emails (on 13th and 20th May), the new DfE guidance states that: *“Secondary schools, sixth form, and further education colleges to begin [from 1st June] some face to face support with year 10 and 12 pupils, although we do not expect these pupils to return on a full-time basis at this stage”*

We have spent the past week planning for what this might look like, including risk assessing the practicalities of partially re-opening. This is being done in conjunction with the local authority and the MAT. No dates have been set for this and we will not open until the procedures are in place (in line with government guidelines) for this to be done safely.

Below are links to a digital survey for parents of students in Years 10 and 12, to capture your thoughts on face-to-face engagement after half term. This will not be a return to 'normal' classroom teaching, but rather to support online learning and to provide a further opportunity for face-to-face pastoral support (on top of the calls/emails home).

The emphasis on home learning will continue for some time and we continue to keep up our support via Teams and other online sources. It is important that students engage with this content and liaise with staff if there are issues.

I hope that you have a restful half term. We will re-start the online learning from June 1st.
